Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to *www.irs.gov/FormW4*.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2023 if you meet both of the following conditions: you had no federal income tax liability in 2022 and you expect to have no federal income tax liability in 2023. You had no federal income tax liability in 2022 if (1) your total tax on line 24 on your 2022 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2023 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2024.

Your privacy. If you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c).

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay income and self-employment taxes through withholding from your wages, you should enter the self-employment income on Step 4(a). Then compute your self-employment tax, divide that tax by the number of pay periods remaining in the year, and include that resulting amount per pay period on Step 4(c). You can also add half of the annual amount of self-employment tax to Step 4(b) as a deduction. To calculate self-employment tax, you generally multiply the self-employment income by 14.13% (this rate is a quick way to figure your selfemployment tax and equals the sum of the 12.4% social security tax and the 2.9% Medicare tax multiplied by 0.9235). See Pub. 505 for more information, especially if the sum of self-employment income multiplied by 0.9235 and wages exceeds \$160,200 for a given individual.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

If you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include other tax credits for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2023 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) - Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables.

1	Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3	1	\$
2	Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.		
	a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a.	2a	\$
	b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b	2b	\$
	c Add the amounts from lines 2a and 2b and enter the result on line 2c	2c	\$
3	Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.	3	
4	Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)	4	\$
	Step 4(b) — Deductions Worksheet (Keep for your records.)		
1	Enter an estimate of your 2023 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income	1	\$
2	• \$27,700 if you're married filing jointly or a qualifying surviving spouse • \$20,800 if you're head of household • \$13,850 if you're single or married filing separately	2	\$
3	If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"	3	\$
4	Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information	4	\$
5	Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4	5	\$

KANSAS EMPLOYEE'S WITHHOLDING ALLOWANCE CERTIFICATE

Use the following instructions to accurately complete your K-4 form, then detach the lower portion and give it to your employer. For assistance, call the Kansas Department of Revenue at 785-368-8222.

Purpose of the K-4 form: A completed withholding allowance certificate will let your employer know how much Kansas income tax should be withheld from your pay on income you earn from Kansas sources. Because your tax situation may change, you may want to re-figure your withholding each year.

Exemption from Kansas withholding: To qualify for exempt status you must verify with the Kansas Department of Revenue that: 1) last year you had the right to a refund of all STATE income tax withheld because you had no tax liability: and 2) this year you will receive a full refund of all STATE income tax withheld because you will have no tax liability.

Basic Instructions: If you are not exempt, complete the Personal Allowance Worksheet that follows. The total on line F should **not** exceed the total exemptions you claim under "Exemptions and Dependents" on your Kansas income tax return.

NOTE: Your status of "Single" or "Joint" may differ from your status claimed on your federal Form W-4).

Using the information from your **Personal** Allowance Worksheet, complete the K-4 form below, sign it and provide it to your employer. If your employer does not receive

a K-4 form from you, they must withhold Kansas income tax from your wages without exemption at the "Single" allowance rate.

Head of household: Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the cost of keeping up a home for yourself and for your dependent(s).

Non-wage income: If you have a large amount of non-wage Kansas source income, such as interest or dividends, consider making Kansas estimated tax payments on Form K-40ES. Without these payments, you may owe additional Kansas tax when you file your state income tax return.

С	Enter "0" or "1" if you are married and only have one job, and your spouse <u>does not</u> work (entering "0" may help you avoid having too little tax withheld)	. C							
D	Enter "2" if you will file head of household on your tax return (see conditions under Head of household above)	. D							
Е	Enter the number of dependents you will claim on your tax return. Do not claim yourself or your spouse or dependents that your spouse has already claimed on their form K-4	. E
